## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

The following is an examiner's statement of reasons for allowance:

Claim 1 is allowable over the prior art of record because the teachings of the references taken as a whole do not show or render obvious the combination set forth, including: (1) wherein both driving means are arranged so that a longitudinal direction of both driving means is parallel with a direction in which the traveling vehicle runs and wherein the traveling means and the elevation means are arranged below a bottom of the mast.

The closest prior art of record Malin (US-5199531) shows a rail mounted stacking vehicle in which the elevating and driving means are arranged below the mast towards the front and the rear and not the bottom of the mast.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
